# A proposal for DEISA architecture evolution

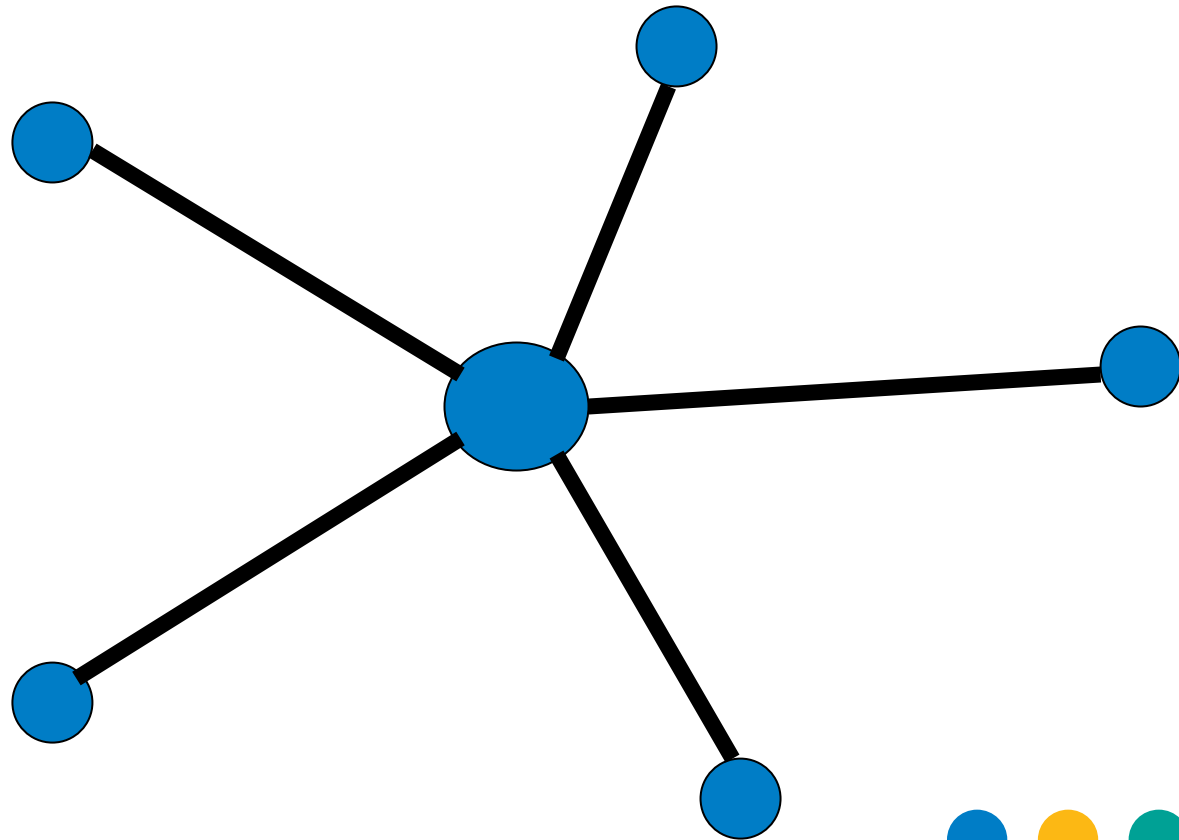

[Dany.Vandromme@renater.fr](mailto:Dany.Vandromme@renater.fr)

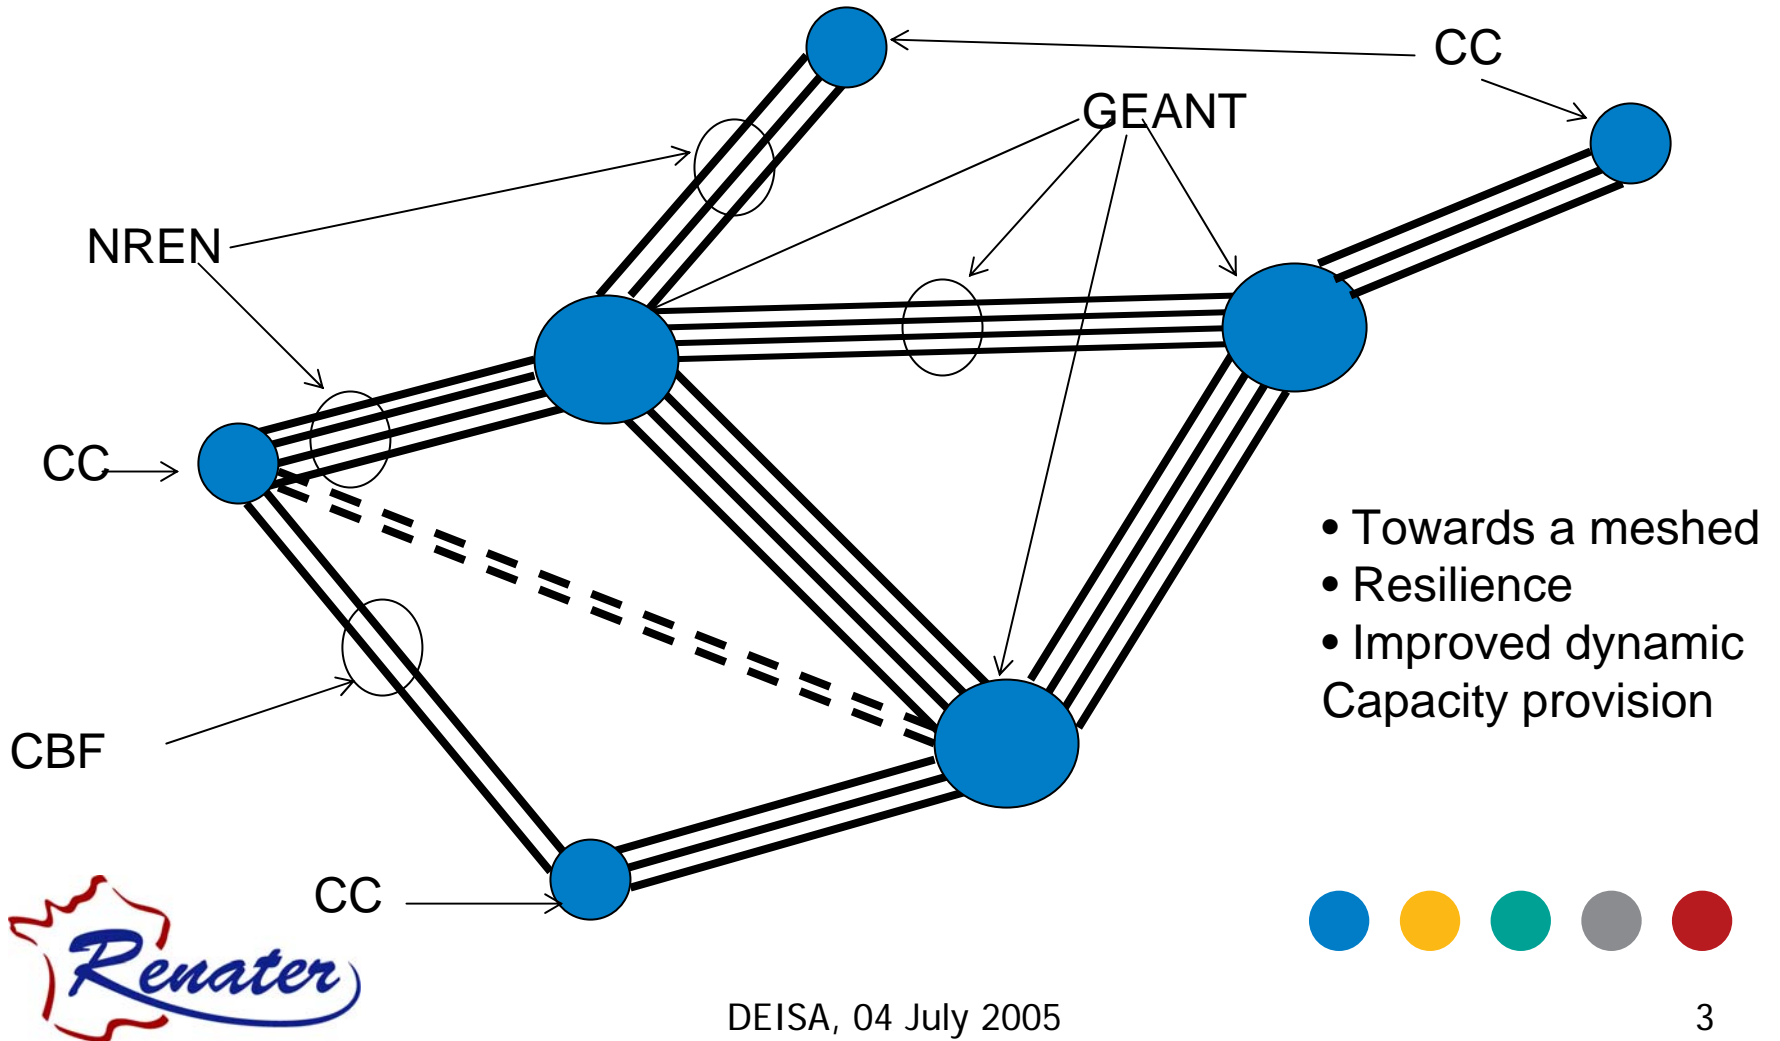

# Current topology

---

- $1/n$  bw limit
- Single PoF
- Not scalable

# Proposed topology evolution

# Next step

---

- WG to produce an architecture document for the future scalable network
- Timescale: Completed by end 2005

# FIN DE LA PRESENTATION

---
