

DEISA / DFN

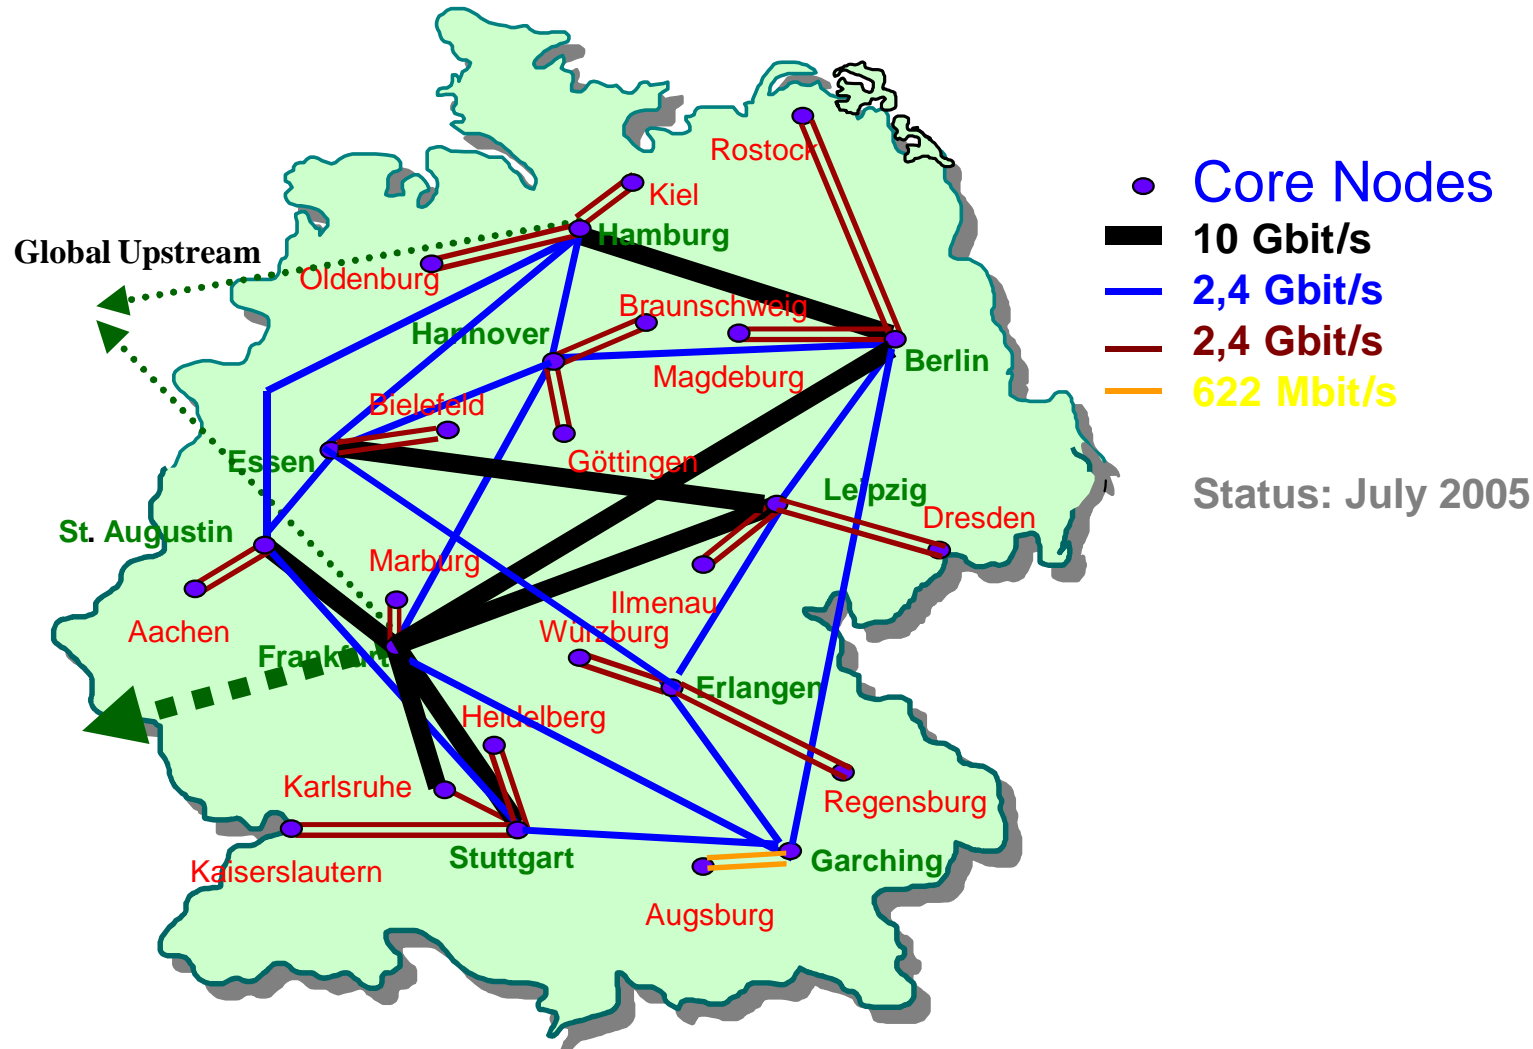

Joint DEISA - GEANT2 - NREN Workshop

Munich, 4 July 2005

Martin Wilhelm, DFN

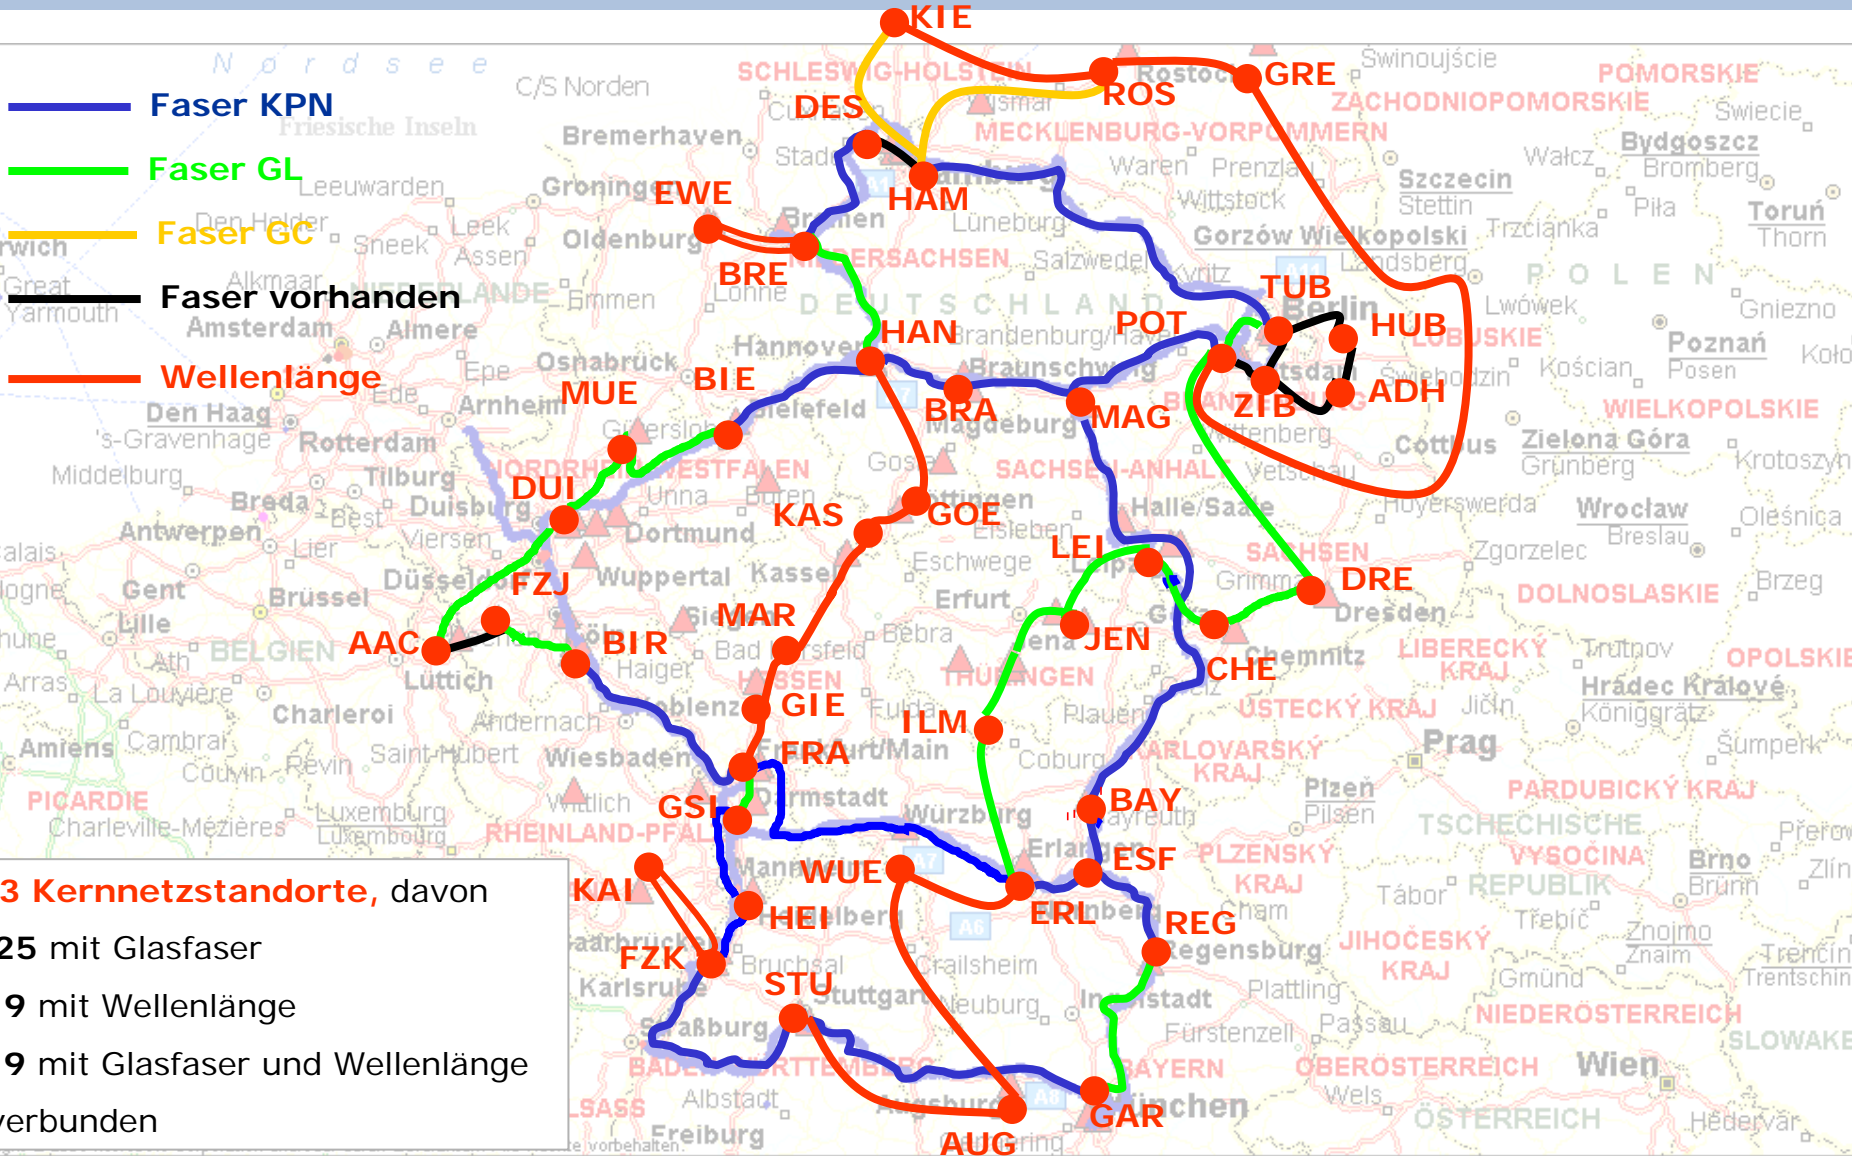

DEISA: Current Situation

G-WiN

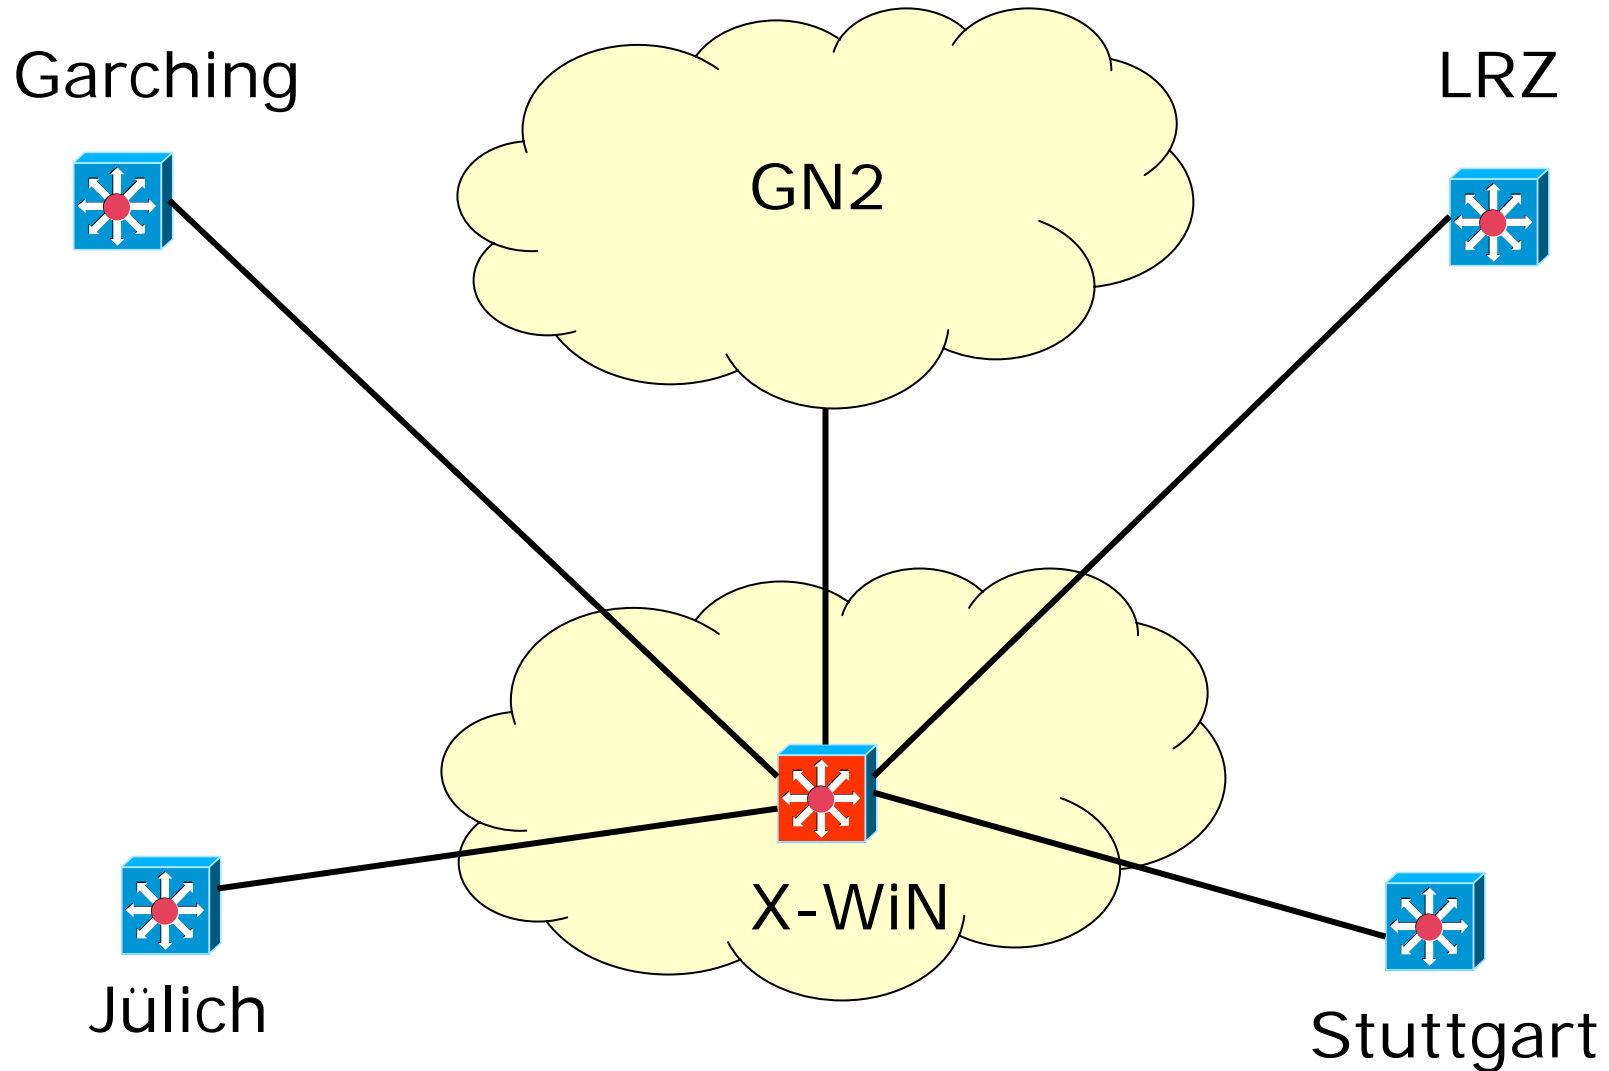

- Currently two (of future four) DEISA sites connected: Jülich, RZG Garching
- Connection by dedicated 1 GE ports to G-WiN

X-WiN (from 2006)

DEISA: Future Situation

- At the end of 2005 / beginning of 2006, connection of all four sites with dedicated 10 G wavelengths to switch in Frankfurt (co-located with GN2)
 - FZJ Jülich
 - RZG Garching
 - LRZ Garching
 - HLRS Stuttgart
